THERE'S SOMETHING FOR EVERYONE AT FORENSICS.CA !!!!

Forensics.ca's range of products and services can benefit Forensic Scientists both in the Professional and Academic World, Private / Govt. Laboratories, Lawyers, Law Enforcement personnel, Vendors of Forensic supplies and individuals whose interests lie in the field of Forensic Science.

INFORMATION MANAGEMENT

Forensics.ca makes data FREE for all !!!

Forensics.ca's goal is to organize and Function as a Central Repository of Final Research Data, making it universally useful and accessible. By "Final research data", we mean recorded factual material commonly accepted in the scientific community as necessary to validate research findings. Forensics.ca also encourages you to submit scientific content such as data from unfinished experiments (Partial datasets), case studies or unpublished articles. So, If you have files you want to share with others around the world, from Text, Images, PDF, Word documents or software specific files, Forensics.ca will upload it free of cost and make it searchable on major search engines. Forensics.ca also provides Data Backup Services (Off site storage) for Laboratories and Institutions, in line with Risk Management practices.

Please contact sales@forensics.ca for rates and other relevant information.

A FORUM FOR TRADING NEW AND USED FORENSICS SUPPLIES

Forensics.ca Store is a FREE service where buyers and sellers of new, used, surplus and re-furbished scientific and laboratory equipment, books, art and memorabilia, can find items, ne-

gotiate terms and complete transactions online.

WORLDWIDE LABORATORY/ EXPERT REGISTRATION

Forensics.ca is currently updating a "state-of-the-art" Laboratories and Experts database, which can categorize your Forensic Business / Laboratory location within your area of expertise and contact details so that at the click of a mouse, people around the world can be pointed directly to you.

Listing on this Database is currently FREE
